

Please take a moment to review our June and July summer schedules below. We will be offering 8 weeks of summer classes throughout June and early August. Our fall schedule will start Aug 8th.

Flexible payment options -

We want to accommodate all our families who will be traveling at one point or another during the summer months. During the fall and spring semester, tuition remains the same each month regardless of how many classes were missed during that month. If classes are missed, optional makeup classes are available. However, in the summer, when many families might be out of town, we want families to be able to choose classes during the weeks that they are in town and pay for those classes only. We want as many students as possible to be able to keep up their dancing practice during the summer months to avoid technique loss & memory loss on steps etc.

Tuition Options -

1. Class cards. See the attached packet for information and pricing. This option is best for dancers missing more than 2 weeks and who cannot make up classes.
2. If class card fees for either June or July (not both combined) exceed your normal monthly tuition, you may default to regular monthly tuition rates instead of paying the class card rate. Regular monthly tuition is best for dancers who plan to only miss 1-2 weeks of classes with optional make up classes available. *
You will need to let us know if you choose this option as it will need to be entered manually on your tuition account.

*Level 1 & Level 2 dancers please note your classes are longer over the summer, not 45 minutes or 1.5 hrs. Therefore 1-hour monthly tuition would be \$80 not \$70 for a 1-hour class each week. If you wish to take two 1-hour classes each week tuition would be \$155 for June and \$155 for July based off our monthly tuition rates.

Level 2 dancers who take a 2-hour class for June would be \$155 for the month. Two 2-hour classes each week would be \$195 for the month.

CLASS CARD INSTRUCTIONS

- 1- Look at the June schedule and the July schedule.
- 2- Look at the 8 weeks during the summer that we will be offering classes.
- 3- Look at the class length. Does your dancer take 45 minutes, 1 hour, 2 hours?
- 4- Count how many classes your dancer will take of each class length. E.g., Mary takes 1-hour classes. She takes 2 classes per week and will be able to attend 6 out of 9 weeks of classes. Therefore, I will need to purchase a class card for twelve 1-hour classes.
- 5- Sign into your tuition account, click on “buy class cards”, click on your dancer’s name, select the class card type and amount/s that you would like.
- 6 – You can purchase more class cards continuously throughout the summer if you need more.
7. Can siblings share a card? -No, siblings must have their own cards.

**Un-used class cards may not rollover towards registration or any other fall fees or fall tuition.

**Un-used makeup classes from spring semester may not be rolled over to summer classes. Please be sure to use up any makeup classes your dancer has before end of spring semester (End of May).
